Projects and Scientific Services

Innovative development

- We develop your idea, and our R&D department accompanies it with a full range of services
- Robust data and documentation are delivered so it is easier for you to take the right decisions
- We also ensure registration procedures and link to manufacturing and worldwide product supply

We offer scientific services in the following key business areas:

PRODUCT DEVELOPMENT EVALUATION
R&D
MEDICINE
REGULATORY AFFAIRS

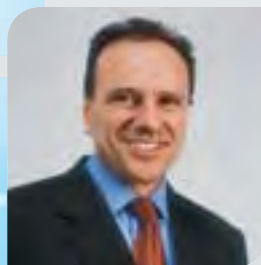

Expanding our horizon for you

We take note of our clients' needs and plan to meet them. At Ginsana IB there is always a new development in the pipeline to extend our service and production range.

We have been, and will continue to be, recognised as a leading manufacturing and services company within the pharmaceutical and nutraceutical industry.
